**ENVIRONMENTAL
POLITICS AT THE
LOCAL
NATURAL RESOURCE
GOVERNANCE IN
INDIA**

**Edited by Satyajit Singh
and Ajit Menon**

This book analyses local politics and institutions and examines questions surrounding decentralisation, control over natural resources, environmental justice and food security. It does so through a range of case studies, on struggles for land rights in Meghalaya, fishing communities in Mumbai, a hydropower project in Kinnaur, the consequences of joint forest-management in the Sunderbans and more.
